

Suggested Las Posas School Supply Lists

- As a public school, Las Posas is happy to supply your children with their regularly needed materials. The *suggested items* on these lists are commonly used. Providing them for your child or providing extra for the classroom is not required but greatly appreciated.
- We would prefer all students to have **a backpack** (large enough to hold folders and books) and their own **headphones**, each labeled with their names. If you are unable to provide them, please let us know.
- The district health office suggests that you supply your student with a wide brimmed or other type hat and sunglasses – to be worn during recess and outdoor periods. Students are also allowed to carry lip balm and sunscreen (lotion or stick, not spray) provided they can apply it themselves.
